

## AIR RESOURCES BOARD

1102 Q STREET  
P.O. BOX 2815  
SACRAMENTO, CA 95812

January 29, 1991

Russell M. Lloyd, CMfgE  
President  
Rusken Machine and Tool Service  
1630 Monroe Street  
York, PA 17404

Dear Mr. Lloyd:

#91-2

Certification of the Rusken Hose Retractor

You requested certification of the Rusken hose retractor. Eight test units have successfully completed the testing and evaluation.

As required by the Air Resources Board certification and test procedures, you requested the approval of the Division of Occupational Health and Safety, the Office of the State Fire Marshal and the Department of Food and Agriculture, Division of Measurement Standards. The necessary approvals have been obtained from these agencies.

I find that the use of the Rusken hose retractor will not adversely affect vapor recovery systems on which it may be installed. Therefore, the Rusken hose retractor is certified for use with Phase II gasoline vapor recovery systems.

If you have any questions, please call Laura McKinney, Associate Air Pollution Specialist, at (916) 327-1525.

Sincerely,

A handwritten signature in dark ink, appearing to read 'James J. Morgester'.

James J. Morgester, Chief
